

## EXPRESSIONS OF INTEREST

### Business Consultant

Marae Melbourne Incorporated is seeking expressions of interest to develop the financial business case/model for the development of the Marae in Melbourne (Marae Melbourne).

#### About the organisation

MaraeMelbourne is a not for profit organisation based in Melbourne.

#### Marae

A Marae is the traditional gathering/meeting place for the Maori people of New Zealand. A Marae will be developed in Melbourne for the New Zealand / Australian community in Melbourne with benefits to be enjoyed by all - from both sides of the Tasman.

#### Traditional owners

MaraeMelbourne acknowledges the consent and support for the development of the Marae given by the Elders (Tangata Whenua) of country. *Ki te mana whenua, nei ra nga mihi kia ratou hei whakakaha I tenei kaupapa.*

#### Key skills required:

- A sound knowledge of the financial services and requirements available for long term investment into the development
- Proven record of successful projects delivered on time and on budget
- Capable of applying technical modelling skills to develop short and long term forecasting models for the sustainability of a community gathering space (Marae)
- A comprehensive background in financial analysis
- Business planning within the community sector a bonus but not essential
- Some knowledge of the New Zealand and Maori community preferred but not essential as the Marae Melbourne Leadership team will support the successful applicant.

#### Key role requirements:

- Strong problem solving and analytical skills.
- Strong data management and data mining skills, with experience in programming and database development, and statistical/mathematical/econometric modelling.
- Effective verbal and written communication skills, including the ability to engage and collaborate with stakeholders.
